

Apache 2014 Cab

RUGGEDLY SIMPLE, DEPENDABLE AND PROFITABLE

Ergonomic Design

Welcome to the latest chapter in the Apache sprayer. Our engineering team completely reshaped the operator experience, transforming it into a more efficient one. The cab for all 2014 Apache sprayers captured creature comforts, like automatic climate control and fused them with modern automotive styling. We're giving the operator an ergonomic atmosphere well-suited for today's grower.
